GASTRONOMICA

This certificate initiates gastronomic and food knowledge in several dimensions. It describes various types of the restaurant business and the marketing and branding strategies that are suitable for each type. Two choices of practical learning are offered to pave the way for a future career in the food business. The practical courses allow students to achieve cooking skills through hands-on experience in the kitchen laboratory. Food safety and sanitation are also discussed to assure proper food handling in the foodservice business.
