IRGA

IRGA

BACHELOR OF ARTS (B.A.)

International Relations and Global Affairs (IRGA) is a new program offered by the Social Science Division.

Our program teaches the skills and knowledge essential for a 21st century career. It will prepare graduates to think and act for the betterment of their community and the world.

The curriculum is designed and taught by internationally trained faculty from North America, Europe and Asia. It is based on principles of critical thinking, problem solving, and innovative approaches to learning.

Our diverse student body is drawn from over a dozen countries. This gives our students an excellent opportunity to understand and engage effectively with other cultures.

The program combines intellectual rigour with practical skills. It is designed to prepare globally minded citizens for the challenges of a competitive, interdependent and rapidly changing world.

MAHIDOL UNIVERSITY INTERNATIONAL COLLEGE

CAREER OPPORTUNITIES

The International Relations and Global Affairs program prepares students for a wide variety of careers in fields such as diplomacy, government administration, social work, journalism and the media, business entrepreneurship, consulting, environmental awareness and activism, and human rights.

COURSE OFFERINGS

All students in the International Relations and Global Affairs program take a set of common core courses to introduce them to different approaches to understanding the world today and the issues it faces. They can then select a wide variety of major electives from two broad study areas: INTERNATIONAL RELATIONS AND WORLD POLITICS and GLOBAL AFFAIRS: ASIA AND BEYOND, choosing to specialize in one or the other if they wish.

INTERNATIONAL RELATIONS COURSES INCLUDE

- Political Risk, Business and International Relations
- Human Rights and International Relations
- Global Media, Social Change and International Relations
- Terrorism, Counterterrorism and Political Violence
- The Practice of Diplomacy

GLOBAL AFFAIRS COURSES INCLUDE

- Transnational Movements and Migration
- Society and Technology in the Modern World
- Environment and Natural Resources in Global Affairs
- Strategic Networks in Asia-Pacific
- Ethnicity and Representation in International Affairs
