To qualify for this guarantee, you must apply for accommodation by 30 June 2020. In total there are 8 different residences that you can choose from. When you apply for accommodation you will be asked to choose your preferred three residences.

University accommodation also provides opportunity for personal and academic development, and the support of a 24/7 pastoral team.

There are two residential villages at Bristol University for postgraduate accommodation:

Residential Village East

The East Village Residences are all based in and around Bristol's city centre. All are within walking distance of the University campus, and benefit from an endless supply of shops, cafes and bars. There are cinemas and theatres, as well as Bristol's vibrant Harbourside.

Residential Village West

Our West Village Residences are mostly based in and around Clifton - a popular and picturesque suburb of Bristol known for its Georgian architecture, cafe culture and green spaces

You can find a full list of our residences on our website:
