# Opinions and Suggestions for Becoming a World-Class University (WCU)

MUIC is well equipped and internationally recognized that led to a large number of international full-time, visiting and exchange students

MUIC has recruited a huge number of foreign personnel which helps to improve the university internationalization and can help teach English for MU's students in other courses or programs

MUIC provides General Education courses to all international students at MU so that MU can lower recruitment costs

*MU should offer some scholarships for foreign students who want to study at MUIC*

*MU should offer some partial support for MUIC outbound students*
